MESSAGE

ANCIAPP 2026

Dear Colleagues,

It is our great pleasure to welcome you to the 27th Annual National Conference of the Indian Association of Private Psychiatry (ANCIAPP 2026), to be held in the breathtakingly beautiful city of Srinagar—a place that inspires reflection, resilience, and renewal.

The theme for this year, “Redefining Psychiatric Treatment in a Changing World,” captures the evolving landscape of mental health care amid rapid social, technological, and cultural transformations. As psychiatrists, we are continually challenged to adapt our understanding, refine our therapeutic approaches, and respond compassionately to the changing needs of our patients and society.

ANCIAPP 2026 aims to provide a dynamic academic platform that encourages critical thinking, innovation, and dialogue. Through scholarly deliberations, experiential learning, and shared clinical wisdom, the conference seeks to explore newer perspectives in psychiatric treatment while reaffirming the core values of ethical, patient-centered care.

We are confident that this conference will not only enrich professional knowledge but also foster meaningful connections and collaborations among colleagues from across the country.

We extend our heartfelt best wishes to the organizing committee and eagerly look forward to an intellectually stimulating, memorable, and impactful ANCIAPP 2026.

Warm regards,

ANNOUNCEMENT & INVITATION

The Association of Private Psychiatry, Jammu & Kashmir (Indian Association of Private Psychiatry - Jammu & Kashmir Branch), in proud association with the Indian Association of Private Psychiatry (IAPP), is delighted to announce the 27th Annual National Conference of the Indian Association of Private Psychiatry (ANC-IAPP 2026).

This prestigious national academic gathering will be held from 19th to 22nd November 2026 in the enchanting city of Srinagar, Jammu & Kashmir, set against the majestic Himalayan backdrop.

ANC-IAPP 2026 coincides with a particularly special time in Kashmir — the 6th season, locally known as Vandeh, marking the onset of early winter from mid-November to mid-January. During this season, Kashmir undergoes a quiet and poetic transformation: crisp mountain air, mist-laden mornings, golden chinar leaves carpeting the boulevards, snow-dusted peaks, and tranquil waters reflecting profound serenity. Vandeh is neither the harshness of deep winter nor the fading warmth of autumn — it is a season of calm, reflection, and understated beauty, offering a uniquely inspiring setting for learning, dialogue, and renewal.

The conference will bring together eminent psychiatrists, mental health professionals, academicians, and researchers from across the country for an enriching academic experience, featuring:

1. Distinguished keynote addresses by renowned national and international experts
High-quality scientific sessions and symposia
2. Skill-based workshops and interactive panel discussions
3. Updates on advances in clinical practice, psychotherapy, psychopharmacology, and mental health policy
4. Excellent opportunities for professional networking and collaboration
Beyond the scientific program, delegates will be welcomed by the legendary hospitality, rich culture, and timeless charm of Kashmir, making ANC-IAPP 2026 a truly memorable professional and personal experience.
